

Our Fall Showcase Camp is the perfect program to help you prepare for your winter season! Detailed training in shooting, skill, strategy and an opportunity to play with IHSA refs will offer a true game like feel as you play! Camp will be directed by Head Coach Erin Dwyer and his staff. Each session will offer a balance in three main areas of play:

**45 Minutes of Skill Development** Skill development takes time and proper execution to build confidence in game play. We will focus every class on these core ball handling, shooting, passing and defensive type skill sets.

**45 Minutes of Strategy Execution!** Skill work; dribbling, passing and defense will continue to be a big part of our teaching. Teaching exactly where these skills show up in game play, has proven to really help players we are already working with.

**45 Minutes Live Scrimmage Play with IHSA Refs!** This has always been the most popular aspect of the program for kids. We bring IHSA Refs to officiate scrimmages, which keeps the game structured and allows our Coaches to focus on just that, teaching.
